

## Assistant County Engineer

The Chelan County Public Works Department is seeking application for the position of Assistant County Engineer. The Assistant County Engineer works directly for the Director of Public Works and performs a variety of professional and technical engineering assignments relating to county road engineering and solid waste management. Duties include budgeting, capital improvement planning, roadway and drainage design, construction contract preparation, right-of-way acquisition, working with property owners and community leaders, conducting public meetings, and other activities relating to the functions and responsibilities of the department. Requirements include a bachelor's degree in engineering and at least six years of relevant work experience in civil engineering, with at least two years in a management level position. The applicant should also have registration as a professional civil engineer in the State of Washington, or become registered within six months of being hired. The starting salary is Step 1 \$4,802.64 to Step 4 \$5,559.68 per month depending on qualifications and experience, plus a full benefit package.

Applications and job descriptions are available at the Chelan County Department of Public Works, 316 Washington Street, Suite 402, Wenatchee, WA 98801, phone 509.667.6415. The application, letter of intent and resume must be returned to the Public Works Department no later than September 28, 2006 at 5:00 P.M. or until filled. First review of the applications will be on September 29, 2006.

Chelan County is an Equal Employment Opportunity employer.
